PROJECTS

CCORNER

https://ccorner.netlify.app
Modern cafe website featuring an intuitive menu, online reservations, customer reviews, and a gallery of our.

DashView

https://dashhvieww.netlify.app
Built with React and Tailwind, featuring interactive charts, data tables, search, and responsive dark/light themes.

DriveDeal

https://drivedeal.netlify.app
A Next JS website for finding rental cars, featuring complete listings and detailed information.

ACHIEVEMENT

3rd Place in Web Technology Department at Provincial Level

With the requirement of an Indonesian tourism theme, I chose Lake Toba to create a static website with only 10 hours to create mock up designs and a responsive website, and after that I presented my website.
